

MARINDUQUE FAMOUS TOURIST SPOTS

Luzon Datum

Mogpog, Marinduque

This rock marker was established in 1911 by the US Coast and Geodetic Survey as the Geodetic Center of the country. It is a hole drilled inside an etched triangle in a cubic meter of diorite rock outcrop at the top of the highest hill (272.42 MASL) in Brgy. Hinanggayon.

Paadjao Falls

Mogpog, Marinduque

Paadjao Falls is a 100 plus feet cascading falls which pours into a 6 feet deep natural swimming pool at its foot surrounded by tall forest trees and coco groves.

Balanacan View Deck

Brgy. Balanacan Mogpog, Marinduque

Photo by: Department of Tourism

It is located near the boundary of Brgy. Ino. The present view deck, which offers a 270-degree view of the northwestern portion of Mogpog, was reconstructed from a single storey galvanized iron roofing into a two-storey concrete slab view area.

Balanacan Cove

Balanacan, Mogpog, Marinduque

This is one of the most ideal and secluded coves of the province that witnessed the long history of Marinduque. This location was chosen by the Spanish Admiralty as a construction and repair facility of the Spanish navy.

Boac Cathedral

Boac, Marinduque

The cathedral is one of the oldest built heritage buildings of the province. Construction started around 1590. The church was built with an earthquake baroque architecture located at the top of a hill surrounded by high stone walls and bulwarks.

Casa Real

Boac, Marinduque

This is a newly built replica of the old Spanish “Casa Real” that served as the administrative center of the province built on its original location. Today is it used by the Municipal Government of Boac as a multi-purpose building.

Marinduque Museum

Boac, Marinduque

This National Museum–Marinduque branch displays the cultural past and arts exhibits of the province.

Boac Ancestral Houses

Boac, Marinduque

This is a collection of more than a dozen Spanish and turn of the century ancestral houses scattered around the town center and was built by well- to- do families of Boac. The original architectures were preserved though today and the houses serve as mixed used facilities.

Marinduque Provincial Capitol Building

Boac, Marinduque

The neo-classical Provincial Capitol Building was built in 1927. It consists of a two-storey concrete structure with four columns in front, was then rebuilt in 1947 after the war and is still being used today to house certain provincial offices including the office of the Governor. Fronting the building is the landscaped Capitol Park where the Centennial Monument, a concrete tableau of "Pugutan" and Bantayog Wika installed in recognition of Tagalog Marindukenyo proudly stand.

Laylay Port

Boac, Marinduque

This served as the major port of Marinduque during the 19th century for ships with passengers and products plying the port from Boac to Manila and other ports. This was used extensively by local revolutionaries during the two phases of the Philippine revolution. Near the shore of Laylay in the vicinity of the old lighthouse was established in 1912 by USCGS a Magnetic Observation Station for measuring local variations in the earth's magnetic field.

Baliis Mountain View

Buena Vista, Marinduque

This is located along the highest highway system of the province that covers Brgy. Bantay and Hinapulan, the area offers a scenic view of "above the clouds" or "sea of clouds" experience, and can be compared or is at par with views of Tagaytay or the Cordilleras. The Makulapnit, Bol, and Hinapulan river valleys that empty to the great Boac river are densely covered by low lying fog that can be observed in the early morning hours from 4AM to 8AM along the stretch of approximately 3-4 kilometers of this national highway.

Malbog Sulfuric Spring

Brgy. Malbog Buenavista, Marinduque

These natural sulfur springs are located on the edge of the Malindig volcano, a famous picnic attraction of the locals. The site's sulfuric water is said to be an effective treatment for skin maladies.

Mount Malindig

Buenavista, Marinduque

Mt. Malindig is the highest peak of the province towering at 1,157 MASL. This dormant volcano located on the extreme southern portion of the heart shaped island of Marinduque, is the home of endemic flora and fauna and a favorite mountaineering destination.

Malbog Sulfuric Spring

Brgy. Malbog Buenavista, Marinduque

These natural sulfur springs are located on the edge of the Malindig volcano, a famous picnic attraction of the locals. The site's sulfuric water is said to be an effective treatment for skin maladies.

Haynon Hills

Brgy. Malbog Buenavista, Marinduque

These undulating hills have been utilized as pasture land and the site offers a relaxing view of scattered clumps of grassy and hilly terrain of different heights and elevation that turn color brown during summer months, due to the dry grasslands, acquiring a title of "Chocolate Hills of Haynon" but turns green during rainy season.

Butterfly Farms

Gasan, Marinduque

Located near and in the town proper of Gasan are butterfly farms, which offer a glimpse of the butterfly life cycle through live samples of larvae, pupae to full grown butterflies. Several species of butterflies inside big cages where they freely flutter can be watched.

Gasan Church

Gasan, Marinduque

Located on a hill overlooking the poblacion of Gasan and Tablas Strait, the newly renovated church features an exquisite example of Filipino church art as shown on its internal decoration, paintings, sculpture, etc. made by local artists and craftsmen.

Tres Reyes Islands

Gasan, Marinduque

Gaspar Island is the nearest from the mainland. It offers crushed coral white sand beaches and secluded coves. Archeologically important caves are located on its eastern rock formations. It is an ideal snorkeling and scuba diving area and the only island that is inhabited. Melchor is the middle island with several areas for wall scuba diving. Baltazar is the farthestmost island where an American-built Lighthouse Guardhouse still stands.

Sta. Cruz Church

Sta. Cruz Marinduque

The church is one of the two oldest churches in the province. Like Boac Cathedral, it is surrounded by high protected walls. The church's main attraction is its well-preserved retablo altar, its pulpit and original ceilings.

Maniwaya Island

Sta. Cruz, Marinduque

It offers stretches of fine white sand beaches, extending about 1.3 km along the southwest and 1.2 km on its northeast side. The southwest portion today is slowly being developed by locals with modest and comfortable accommodations and other watersports amenities.

Ungab Rock Formation

Brgy. Mongpong Sta. Cruz, Marinduque

Check out one of the most iconic natural landmarks of Marinduque province. This rock formation, created from years of erosion, includes one part resembling a land bridge that connects to the sea. The waters here are clear and you can even spot colorful reef fish swimming about.

Palad Sand Bar

Sta. Cruz, Marinduque

An exciting place of unique splendor where the tidal fluctuations commands the availability to visitors. An immaculate stretch of crushed coral sands in the middle of the sea appears only during low tides and is a must-see attraction

Bagumbungan Cave

Brgy. San Isidro Sta. Cruz Marinduque

Photo by: Erwin Monroyo Penafiel

This cave is located at Brgys. San Isidro and Punong, with around 2 km underground river of mapped and assessed areas by the PCAT and is classified as Class II. The regular entrance is located at San Isidro and a through and through explorations/trekking/fording will exit at Brgy. Punong

Bathala Cave

Brgy. Ipil, Santa Cruz, Marinduque

Located at Brgy. Ipil, Bathala caves have previously been a more popular cave destination in Sta. Cruz. It features large church like interiors, archeological cave, and python cave.

Kawa-Kawa Falls

Sta. Cruz, Marinduque

This site of multi-pool waterfalls is located in Brgy. Bancuangan, named after some large kettle-like pools that are excellent for family picnics and refreshing dips.

Poctoy White Beach

Brgy. Poctoy Torrijos, Marinduque

The most accessible and the only white beach area in mainland Marinduque the beach offers a stretch of more than a kilometer of fine white to sugar brown beach for regular local and foreign visitors.

Pulang Lupa Historical Park

Torrijos, Marinduque

Historical shrine to one of two victorious battles won by Filipinos against the Americans during the Philippine-American War in Marinduque. September 15, 1900 was when Marinduqueños defeated the US troops.
